Frequently Asked Questions

Do I need Warranty Insurance?

If you are like most people, you intend to keep your PWC for between 3 to 5 years. As your PWC ages and in particular, after your factory manufacturer warranty has expired, the risk of failure or breakdown increases.

AWN warranties are specially designed to help reduce the financial impact of unexpected and potentially expensive mechanical repairs when you can least afford it.

Do I have multiple coverage options for my PWC?

We know that everyone's circumstances differ, so at AWN, we offer a variety of Warranty Insurance products to suit your coverage requirements and your budget. This allows you to choose the level of coverage that best protects you against unforeseen repair bills.

Where can I service my PWC?

AWN strives to exceed every customer's expectations by providing you the flexibility to have your PWC serviced at a licenced workshop of your choice.

Where can I have my PWC repaired?

If a problem occurs, whether at home or interstate, we have you covered with over 1200 (twelve hundred) approved repairers Australia-wide.

Can I transfer my Warranty Insurance?

The benefits of your AWN Warranty Insurance are transferable with your PWC, adding value to your PWC when it's time to trade-in or when selling your PWC privately.

Do I have to pay an excess when making a claim?

AWN aims to provide you with a quick, seamless and stress free claims experience. When making a claim, there are no hidden fees, or excess to pay. You also don't have to worry about paying for an approved repair and then wait for reimbursement, as we will pay the approved claim amount direct to the AWN approved repairer.
