

Underwritten by certain underwriters at Lloyd's

GAP Insurance is designed to provide owners with a financed vehicle coverage in the event of a total loss due to accident, theft or damage beyond repair. GAP Insurance will pay the difference up to the cover benefit limit between the insured value of the vehicle and the remaining balance required to finalise the loan or lease, i.e. the GAP cover benefit amount owed to the credit provider.

Within the GAP cover benefit limit, the policy includes an extra cover benefit covering incidental out of pocket expenses which can be utilised even if there is no GAP.

GAP Insurance provides a cost-effective way of protecting your investment - something comprehensive motor insurance alone may not do.

GAP Insurance is only available when entering into a finance contract and the vehicle is comprehensively insured.
