BENEFITS OF THE WARRANTY

This product will benefit You should a mechanical breakdown occur, and that mechanical breakdown is caused by a Covered Component under the terms of this Warranty. In the event of a mechanical breakdown, Covered Components will be rectified up to the limits of liability for those components and subject to the type of Warranty product You have purchased. Terms of coverage and limits of liability are set out on the following pages.

These Warranty terms and limits of liability should be read in conjunction with Item 3 of the Terms and Conditions on page 3A ("Your Obligations").

The coverage provided by this Warranty may represent substantial savings to You, should a mechanical breakdown in a Covered Component occur. Further, Our experience, knowledge and expertise allows Us to direct Your Motor Bike to the closest Authorised Repairer. Parts for repairs can generally be sourced at a lower cost by Us, which also represents a saving to You were a claim may exceed the limits of Our liability.

DISCRETIONARY RISK OF THE WARRANTY

AWN has an absolute discretion as to whether it will or will not pay a claim that falls within the Warranty Terms and Conditions and Limitations. Although the discretion is absolute, AWN will not exercise that discretion in a way that is unfair and unconscionable, within the Terms and Conditions and Limitations of the Warranty, and will always consider the merit of the claim.

AWN is not an insurance company and as such this Warranty does not offer the same level of protection as an insurance policy. The level of protection is limited to the Covered Components listed under the heading Significant Characteristics of this Warranty only. However, AWN has satisfied the Australian Securities and Investments Commission (ASIC) requirements for an Australian Financial Services Licence.

There is also a risk when purchasing this Warranty that one or more of Your claims may exceed the Warranty claim limit for a particular Covered Component or exceed the total limit.

Detailed information about the Warranty claim limits for each benefit under Your Warranty is listed on Page 2A under the "Significant Characteristics of this Warranty". There is also risk that if You fail to meet any of the conditions attached in the Warranty, AWN may not exercise discretion in Your favour. Make sure You carefully read the Terms and Conditions for details of the servicing and other conditions that apply to this Warranty.

COST OF THE WARRANTY

A number of factors are taken into account in determining the Warranty price. These include the type of Warranty selected, the type of Motor Bike, the age of the Motor Bike and kilometres travelled, the Motor Bike's history in relation to servicing, where the Motor Bike is ridden and any modifications to the Motor Bike.
